EN Available with or without crosspieces, entirely made in extruded aluminium, the project of the Alambra door is focusing the attention on details, typical of all the Rimadesio proposals. The precision of the opening movement, the innovation introduced by the closing system with neodymium magnets, the absence of visible screws, joints and plastic gaskets are the results of an exclusive technical research.

IT Disponibile con o senza traversini, interamente realizzata in alluminio estruso, l'anta di Alambra è un progetto in cui si concentra l'attenzione al dettaglio tipica della proposta Rimadesio. La precisione del movimento di apertura, l'innovazione introdotta dal sistema di chiusura con magneti al neodimio, la totale assenza di viti, giunzioni e guarnizioni in plastica sono il risultato di una ricerca tecnica esclusiva.

DE Die Tuer von Alambra aus extrudiertem Aluminium ist mit oder ohne Sprossen erhaeltlich. Rimadesio konzentriert sich auch auf Details. Die Genauigkeit der Oeffnung der Tuer, die Innovation der Schliessung mit Magneten in Neodym, keine Sichtschrauben und Verbindungsteile aus Kunststoff sind das Ergebnis der exklusiven technischen Forschung die her bei Firma Rimadesio gemacht wurde.

FR La porte de Alambra, disponible avec ou sans traverses, entièrement en aluminium extrudé, est un projet dédié à l'attention du détail, caractéristique commune à toutes les propositions Rimadesio. La précision du mouvement d'ouverture, la nouveauté introduite par le système de fermeture avec des aimants de néodyme, l'absence totale de vis et joints en plastique, même à son intérieur, sont également le résultat d'une recherche technique très exclusive.

ES Disponible con o sin travesaños, hecha enteramente en aluminio extruido, la puerta de Alambra es un proyecto en que se centra la atención al detalle típica de la propuesta Rimadesio. La precisión del movimiento de apertura, la innovación introducida por el sistema de cierre con imanes de neodimio, la total ausencia de tornillos, juntas y gomas también en el interior son el resultado de una búsqueda técnica exclusiva.

RU Дверь Alambra, изготовленная полностью из экструдированного алюминия, доступна с поперечными перемычками или без них, — это дизайн, в котором максимально сконцентрировано внимание к деталям, характерное для Rimadesio. Точность механизма открывания, инновационная система запираия с неодимовыми магнитами, полное отсутствие винтов, соединений и пластиковых уплотнителей — все это результат эксклюзивных технических исследований.

汉语 Alambra 的门扇以全挤出铝合金制成，带横挡或不带横挡皆可，在这其中 Rimadesio 倾注了对设计细节一贯的重视。开启门扇的精确运动搭配新引进的钕磁铁闭合系统，完全舍弃螺钉、连接件和塑料垫圈，上述皆为独家技术的研究成果。

EN The Alambra bar is a unit with built-in refrigerator, fitted with open compartments and doors in noce, rovere termotrattato and rovere nero. The tops, handles and trays are available in synthetic leather in the 8 colours from the Rimadesio sample collection. An integrated LED lighting system is also provided.

IT La versione Alambra bar è un mobile con frigorifero interno, dotato di vani a giorno ed anta in legno noce, rovere termotrattato e rovere nero. I top, le maniglie e i vassoi sono disponibili in similpelle negli 8 colori a campionario Rimadesio. È previsto inoltre un sistema illuminazione a led integrato.

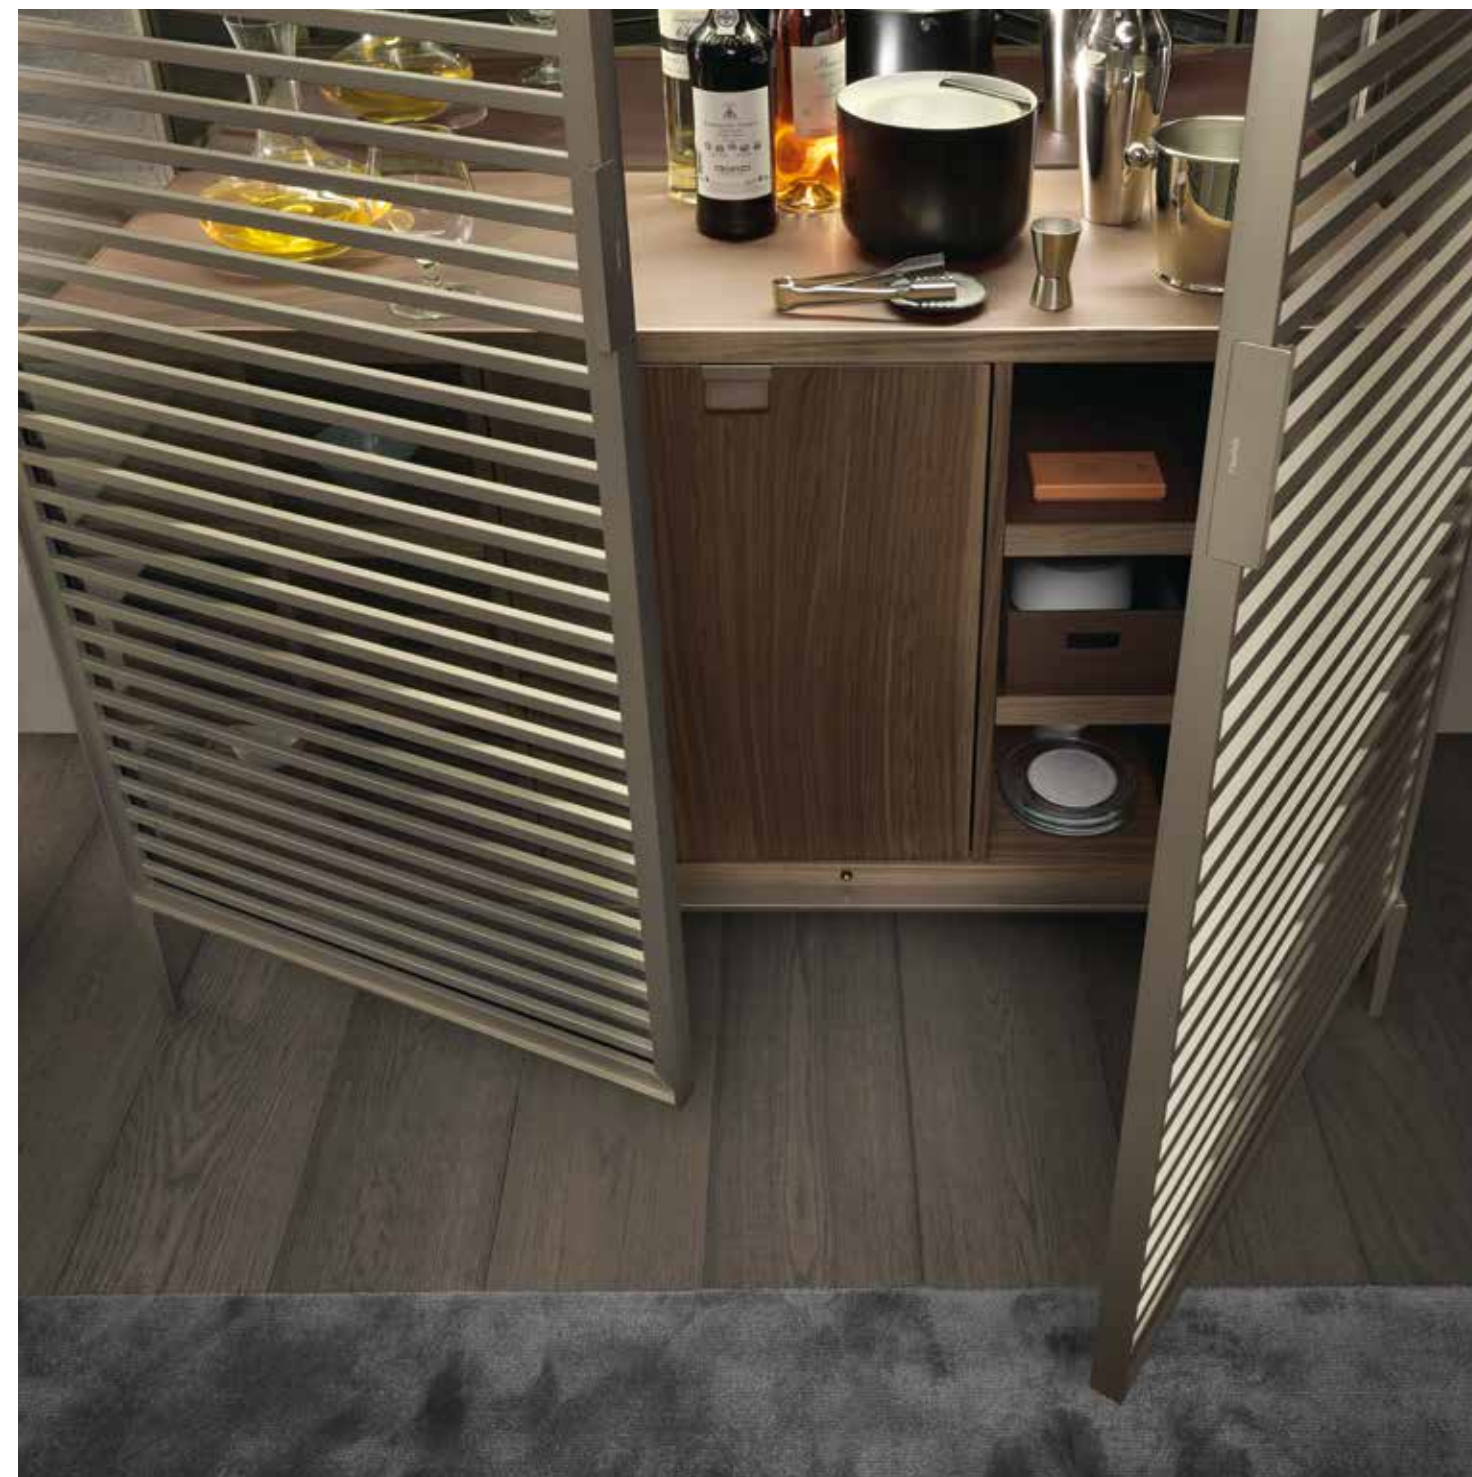

DE Die Barversion von Alambra ist ein Schrank mit einem Kühlschrank im Inneren, der mit offenen Fächern und Türen aus Noce, Rovere Termotrattato und Rovere Nero ausgestattet ist. Die Oberteile, Griffe und Tablets sind aus Kunstleder in den 8 Rimadesio-Musterfarben erhältlich. Ein integriertes LED-Beleuchtungssystem ist ebenfalls vorgesehen.

FR La version Alambra bar est un meuble avec réfrigérateur intégré, équipé de compartiments ouverts et d'une porte en noce, rovere termotrattato et rovere nero. Les plateaux, poignées et tablettes sont disponibles en similcuir dans les 8 couleurs du nuancier Rimadesio. Un système d'éclairage LED intégré est également prévu.

ES La versión bar Alambra es un mueble con frigorífico interno, equipado con compartimentos abiertos y puertas de madera noce, rovere termotrattato y rovere nero. Los tops, los tiradores y las bandejas están disponibles en simil cuero, en los ocho colores del muestrario de Rimadesio. También se proporciona un sistema de iluminación LED integrado.

RU Барная версия Alambra — это шкаф со встроенным холодильником, оснащенный открытыми отделениями и Дверцей из орехового дерева, термообработанного Или черного дуба. Столешницы, ручки и Лотки предлагаются с отделкой из искусственной кожи в 8 цветовых вариантах Rimadesio. Также предусмотрена встроенная система светодиодного освещения.

汉语 Alambra 版本的酒吧柜内设有冰箱、开放式收纳空间搭配以胡桃木、热处理橡木和黑橡木打造的门扇。台面、把手和托盘以仿真皮革包覆，在 Rimadesio 的样品集中共有 8 种颜色可供选择。除此之外，亦可配置集成 LED 照明系统。

TECHNICAL DESCRIPTION

EN Alambra is a double-sided system in aluminium and glass with top, cabinets and base in wood available in three varieties: noce, rovere termotrattato and rovere nero. Alternatively, the top can be made of transparent glass. The structure is available in brown, nero, platino and bronzo aluminium. The doors, sides, back panels and shelves are made of tempered glass.

FR Alambra est un système double face en aluminium et verre avec plateau, éléments de rangement et base en bois, disponible en trois essences: noce, rovere termotrattato et rovere nero. Le dessus peut aussi être réalisé en verre transparent. La structure est disponible en aluminium brown, nero, platino et bronzo. Les portes, côtés, fonds et étagères sont en verre trempé.

RU Alambra — это двусторонняя система из алюминия и стекла с деревянной столешницей, ящиками для хранения и цоколем из трех пород дерева: ореха, черного дуба и термообработанного дуба. В качестве альтернативы верхняя часть может быть выполнена из прозрачного стекла. Конструкция доступна из алюминия коричневого, черного, платинового и бронзового цвета. Дверцы, стеновые панели и полки выполнены из закаленного стекла.

IT Alambra è un sistema bifacciale in alluminio e vetro con top, contenitori e basamento in legno disponibile in tre essenze: noce, rovere termotrattato e rovere nero. Il top, in alternativa, può essere realizzato in vetro trasparente. La struttura è disponibile in alluminio brown, nero, platino e bronzo. Ante, spalle, schienali e ripiani sono realizzati in vetro temperato.

ES Alambra es un sistema a doble cara de aluminio y vidrio con top, contenedores y base de madera disponible en tres maderas: noce, rovere termotrattato y rovere nero. El top también puede ser de cristal transparente. La estructura está disponible en aluminio brown, nero, platino y bronzo. Las puertas, los laterales, las partes traseras y los estantes están hechos con vidrio templado.

汉语 Alambra 是一款采用铝合金和玻璃材质打造的双面设计系统，其包含台面、收纳空间和以木材打造的底座，有三种木材可供选择：胡桃木、黑橡木和热处理橡木。台面亦能以透明玻璃制作。柜体材质有棕、黑、铂金和青铜色的铝合金可供选择。门片、侧板、背板和层板采用钢化玻璃打造。

DE Alambra ist ein beidseitiges System aus Aluminium und Glas mit einer Holzplatte, Behältern und einem Sockel, der in drei Holzarten erhältlich ist: Noce, Rovere Termotrattato und Rovere Nero. Die Oberseite ist alternativ aus transparentem Glas gefertigt. Das Gestell ist in Brown, Nero, Platino und Bronzo Aluminium erhältlich. Türblätter, Rückwände und Einlegeböden sind aus gehärtetem Glas gefertigt.
